## Web Developer | Python & Django Specialist

Focused web developer specializing in Python and Django with proven expertise in building dynamic applications. Adept at developing robust back-end systems and interactive front-end interfaces. Committed to delivering user-centric solutions and thriving in collaborative, remote work environments.

## EXPERIENCE

**NOVEMBER, 2023 – JANUARY, 2024**

**CSR, AMIGOS**

Handled challenging customer interactions with professionalism and empathy, provided accurate product and service information, and updated customer records in the database.

**MARCH, 2024 – AUGUST, 2024**

**APPRENTICESHIP, AGT INSTITUTE**

During my apprenticeship, I contributed to software projects, resolved issues, supported system integration, and enhanced my skills through hands-on learning and collaboration. This experience strengthened my technical foundation in web development.

**JULY, 2024 – AUGUST, 2024**

**PYTHON INTERN, AGT INSTITUTE**

Developed new features and fixed bugs in existing applications. Supported component integration, researched programming tools, resolved user issues, explored solutions for complex problems, pursued continuous learning, and tested and refined code to ensure quality.

## EDUCATION

**SEPTEMBER, 2024 – PRESENT**

**B.S CS, FUI**

I've recently started my Bachelors in Computer Science at Foundation University Islamabad.

## SKILLS

- Python
- HTML and CSS proficiency
- Django Framework
- SQLite
- Asynchronous Programming (AJAX)
- C++
- Matplotlib
- Numpy library
- Pandas library
- Web Development

## **PROJECTS**

- Developed CRUD Application for data management.
- Built HR Management System for streamlined employee processes.
- Designed Course System Management and Student Record Management applications.
- Created Grade Calculator for academic performance tracking.
- Implemented User Authentication for secure access control.
- Expense Tracker

## **REFERENCE**

Reference will be provided on demand.
